

Changes and Additions to the 06.2021 Version of the cara Print 4.0 Application Guide

Please note the following application guide changes/additions:

1. **Table of Contents** – Updated page numbers to reflect page/section additions and deletions.
2. **Page 60 – Section 5.8 dima Print Denture Base Try-In:** Kulzer has discontinued the dima Print Denture Base Try-in Pink photopolymer, and have removed mention of that in this version of the application guide. Dima Print Denture Base Try-in white remains available for your try-in needs.
3. **Page 79 – Section 5.11 dima Print C&B Temp:** New section includes recommended settings, support parameters and design notes for these seven new materials
